

MINISTRY PLACEMENT COMMITTEE

REPORT SUMMARY – April 2024

Attached is the summary of the church organization and leadership. It does not list all the various volunteers who assist in different ministries. What makes a church healthy is when everyone plays a role in helping it function and contributing to its ministry, but if we listed all of them, the report would be many pages long!

Two things we wanted to make sure you know:

1. *There are needs and openings in EVERY ministry!* So if you see an area that you feel called to work in, don't hesitate to contact the ministry leader and ask how you can help in that ministry. We have many volunteers already working, but we also have many unfilled positions.
2. Overall ministry leaders are listed (i.e. Administration, Children and Youth, Member Nurture), as well as leaders of the various functions (i.e. treasury, children's divisions, deacons and deaconesses, hospitality). You may contact either the overall ministry leader or individual ministry leaders if you have an

interest or feel a calling to a particular ministry.

3. Contact information for leaders can be found in the online Church Directory.

Signed,
